COMPANY PROFILE

High-tech, environmentally sensitive, uncompromising design: ARBOS, the new brand which is ambitiously taking on the world market, is proceeding apace to complete its full product line, adding a complete, efficient and cutting-edge range of agricultural equipment to its range of tractors. ARBOS industrial design guidelines are clearly identifiable:

- ITALIAN TRADITION
- CUTTING-EDGE DESIGN
- ENVIRONMENTALLY SENSITIVE
- A PASSION FOR DESIGN

ARBOS has inherited the values of a long-standing and glorious Italian brand, bringing its strengths up to date, taking advantage of significant economies of scale, focusing on excellence in design and bringing everything together with an original, award-winning style*. The prerequisites for success are all present and are actively pursued with commitment and conviction, aiming at reaching a level of quality which alone can guarantee long-lasting and all-encompassing success. This is what we call "Techno - Green" approach, the cornerstone of our corporate philosophy.

Now the road has finally been paved and the new, rapidly evolving full-line product range, entirely manufactured in our two production plants in San Vito al Tagliamento and Carpi, is making a powerful advance on the domestic and international markets.

All models stand out for their comfort, practicality, style, excellent performance, green credentials and ease of use: Italian design and manufacturing has never been so smart, mixing spot-on design, execution and respect for the surrounding environment.

All this with a keen eye towards reducing purchasing, running and maintenance costs.

We are a blend of expertise, tradition and modernity.

We are ready for the challenges that today and tomorrow may throw at us.

We are fast yet careful, innovative yet grounded.

We are ARBOS.

* Red Dot Winner 2017

Tractors

Orchard/Vineyard tractors

Sprayers

**Pneumatic seed drills
minimum till & no-till**

Vacuum precision planters

Seed drills wit power harrow

Fertilizer sprader

Subsoiler

MS 8130

Telescopic tool bar

This vacuum precision planter with a hydraulic telescopic tool bar permits to switch directly from working position into transport position.
The planter is very compact and has a low overhanging weight.

N° OF ROWS	ROW SPACING	TOOL BAR	WEIGHT		POWER REQUIRED	CAPACITY		
			BASE	FERTIL		SEED	MICRO	FERTIL
	(cm)	(cm)	(kg)		(hp)	(l)		
4	70-75	200	680	860	60-80	200	50	2 x 170
